348 Razzo Rosso Price List

Effective June, 2009

Part number	Description	Price
RRE348.13252	sport catalytic converter (free flow), pair	1,895.00
RRE348.33252	race "test-pipes", (off-road use only), pair	750.00

The original equipment converters on these cars flow very poorly (at least by Ferrari standards). Baffles inside the stock converters reduce airflow dramatically and create power-robbing back-pressure. Our catalytic converters fix this problem; containing a stainless steel spiral wrapped core that flows within a few percent of a straight pipe, providing all the performance of removing the converters with out all the legal headaches.
