360 Razzo Rosso Price List

Effective June, 2009

Part number	Description	Price
RRE360.14408	sport catalytic converter (free flow), pair	3,200.00

These high performance catalytic converters for the Ferrari 360 have been tested on both the street and the track. They supply "test pipe" airflow, yet retain full OBD2 compatibility. Now you can have maximum exhaust flow without the check engine light coming on. The increase in airflow also allows the true characteristic Ferrari exhaust tone to come through.
